Whatever you're calling them- mules or slides- the backless shoe shape has comfortably jumped from fashion zero to here in record time. Comfortable and versatile with cool old vibes, there's a real reason these shoes are so popular and we can't wait to see how they'll tastefully anchor workwear or add a modernist twist to a dress. However you decide to wear them- open or closed toe, flat or heeled- we've spotlighted our standout styles below.
