

# SHOULDER EXPOSER

Spotlighting this season’s erogenous zone

From the slimmest of slits to a full blown Bardot neckline, SS16’s message is clear: put your shoulders on show no matter what’s below. Framing straps can rise, fall or totally disappear but it’s the tasteful suggestion of nudity, without overexposure, that sets pulses racing.

Peter Pilotto’s imaginative neckline also draws eyes to the clavicle’s scintillating sensuality.
